## Clare Tree Major to Bring "Romeo and Juliet" as Big Entertainment

National Classic Theatre  
Produces Shakespeare's  
Play Without Stars.

Play Comes February 13

Dramatic Performance Receives  
Favorable Criticism From  
Press and People.

The National Classic Theatre of New York, under the direction of Clare Tree Major, will present "Romeo and Juliet," Wednesday night, February 13, at 8:15 p. m., in the College Auditorium. It will be the major entertainment for the winter quarter.

The Classic Theatre companies are comparatively small, independent working units, authorized on a non-profit-making basis. The needs of educational institutions were especially taken into consideration in the organization of the companies. They work independently of commercial theatre routings and are equipped to cover the smallest towns as well as the great cities.

### To Be No Stars

In the presentations there are no stars; there is no building up for one person to the detriment of the others in the cast. The aim is to give a competent, well balanced performance, with classic lines of literature becoming living, vital experiences.

Shakespeare's lines were written to be spoken and heard, not to be read and studied. The lyric quality of "Romeo and Juliet" is particularly beautiful when sympathetically portrayed on the stage.

"Romeo and Juliet" has been presented in such places as the State Teachers College at Kutztown, Pennsylvania; United States Coast Guard Academy, New London, Connecticut; Bradford Junior College, Bradford, Massachusetts; and the University of Notre Dame, Fort Wayne, Indiana. The people and the press of these communities have been unanimous in their acclaim of the delivery of this Shakespearean tragedy.

## College President Speaks to Press

Several From Here Attend  
Meeting of Newspaper  
Men and Women.

"The College plans to send members of its faculty to your towns to get acquainted with your schools and your people," said President J. W. Jones in speaking to the editors and other newspaper people gathered for the fifty-sixth annual convention of the Northwest Missouri Press Association in St. Joseph on January 11-12. "I hope you will get acquainted with them and like them; I hope they will get acquainted with you and like you."

The president was speaking at the luncheon held in Hotel Robidoux on Friday. At the luncheon also were Mrs. Jones, Deah and Mrs. M. C. Cunningham, and Miss Mattie Dykes from the College; and Mrs. M. E. Ford, formerly head of the English faculty of the College; and Mr. James Curry of Oregon, member of the board of regents. All of them were introduced to the editors except Mrs. Ford, Miss Dykes, and Mr. Curry, who are members of the Association and already known to the editors.

President Jones emphasized the fact that the College belongs to the whole of Northwest Missouri and urged the support of the newspapers of the district. He spoke of the returning veterans and mentioned the housing difficulties. He told the newspaper men and women that he welcomed their suggestions.

Other College Folks Recognized  
Mrs. Jones and Mrs. Cunningham were introduced at the women's tea given Friday afternoon in the Blue Room of the Robidoux hotel. Mrs. Jones was introduced as a woman who had grown up on a printer's ink, her father having been a newspaper man.

Friday night at the annual dinner, Mr. Ralph Hartzell and Mr. Willard Robb had a place on the program. Mr. Hartzell led the group in community singing and got a hearty response. Mr. Robb at the piano contributed greatly to the performance. Both men received hearty response from the newspaper people. Mrs. Hartzell and Mrs. Robb also attended the dinner. At the business meeting on Saturday morning, Mrs. Ford was re-elected secretary. Mr. Curry was re-elected treasurer.

Betty Furhman spent the weekend of January 12-13 with her room-mate, Beverly Holt, north of Maryville.

## "Patch" Board Goes Into Den

Twenty-seven patches are fastened on a board. "Patches on a board?" you may ask. Yes, patches on a board. For that the Patch Board was intended.

Shoulder patches of twenty-seven veterans are at present on the board. Near each of the colored insignia is the name of its former wearer. It is hoped that the veterans now in college or those returning to visit their "Alma Mater" will very soon add their patches to the board, if they have not already done so. Graduates are to write also their year of graduation.

The patches now on the board are from the shoulders of a variety of ranks in the services. Captains, lieutenants, majors, sergeants, and a master sergeant are all now rubbing shoulders. Since the navy does not use the shoulder patches the panel represents only those who served in the army.

The Patch Board is a large, green framed panel. The project is being sponsored by the Student Senate. It is located on the west wall of the Baccarat's Den.

## Tower Staff Plans Yearbook for 1946

Staff Hopes to Have Books  
Out Before Close of  
Spring Quarter.

The 1946 "Tower" is beginning to take form under the supervision of Betty Furhman, Editor-in-Chief of the yearbook. It is hoped that the book will be out the week before the close of the spring quarter.

Mr. Porterfield, of the faculty, and Junior class sponsor, and Mrs. Helen Davis, are assisting as advisors to the staff. The staff is composed of Miss Furhman, Lorene Jensen, Business Manager; Maxine Fehrman, Art Editor; Lydia Stickerod and Carrie Margaret Martin, assistants; Annie Lee Logan, Copy Editor; Catherine Lay, Assistant; Jeanne Stewart, Organizations Editor; Doris Polk and Ann Fay, assistants; Martha Lewis, Feature Editor; Beverly Johnson, Esther Gasper and Clara Judson, assistants; Betty Nell, Personnel Editor; Janice Marquis and Mary Apley, assistants; Meredee Meyers, Assistant Editor; Lois Gordon, Assistant Editor; J. Meyers and Catherine Aldrich, publicity; Janet Drennan, Marilyn Partridge, and Roberta Finke, photography.

The Combe Printing Company of St. Joseph is to do the printing for the publication, and the Artcrafts Engraving Company at St. Joseph is in charge of the engraving work. The size of the annual is to be seven and three quarters inches by ten and three quarters inches.

This year, quite an unusual layout for the "Tower" has been planned. The theme, in both the abstract design of the pages, and in the copy, is to be centered around the suggestion of "looking into the new" or vision.

At the present just what, definitely, the book will contain, rests upon the camera which the staff may, or may not, get. The college is attempting to procure a camera at present, and if it succeeds in obtaining one there will appear in the book campus shots, informal classroom scenes, hall scenes, and shots from various gymnasium activities.

The "Tower" will pay its respect to the men and women of the college who have lost their lives in World War II, and to all students who have served in the armed forces.

This year there is planned a page to honor two alumni who have gone from the college and excelled in their particular line of work. The other pages will be concerned with the usual yearbook material—organizations, students, faculty, administrative offices, athletics, etc. Write-ups on the February lectures, Religious Emphasis Week, and on assemblies and major entertainments, will appear.

The "Tower" office is on the second floor, Room 210. All students are asked to come in and offer any suggestions as to what they would like to see in the yearbook of 1946. Any snapshots of students and events on the grounds are asked to be turned in, as many of them can be used. Everything that is to appear in the book must be in the office by February 15.

Photographs are now being taken by Marcell, of the students and of the organizations. Proofs of individual photographs must be back at Marcell's office by February 1.

Jack Padilla, a former student of the College, visited Virginia Rae McGinnis last week-end.

## St. Joseph Man To Speak Here Religious Emphasis Week

The eighth annual Religious Emphasis Week of the Northwest Missouri State Teachers College will be held from February 4 to February 7.

Dr. A. G. Williamson, of the Francis Street Methodist Church in St. Joseph, will be the principal speaker and will speak at various hours every day. Assisting him will be Dr. A. S. Baillie who is the pastor of the Compton Heights Christian Church of St. Louis. Dr. Baillie will also speak once every day.

The regular assembly period will be changed to Monday at 10:00 o'clock. The Monday 10:00 o'clock classes will meet Wednesday at that same time. Dr. Williamson will address the student body at this first assembly. Other assemblies will be held during the morning hours of the other three days. Reverend Elbert Cole, Jr., will be the leader in a series of seminars; discussions to be held every afternoon. The topic will be "Marriage Relations." Reverend Cole was recently discharged from the United States Navy after serving thirty-eight months as a chaplain. He graduated from Central College, Fayette, Missouri, and the University of Chicago.

Miss Elizabeth Turner, the Travelling Secretary for the Student Volunteer Movement, will be the guest speaker at a supper meeting at Residence Hall, Wednesday evening at 5:30 o'clock. At 6:00 o'clock Dr. Baillie will speak at a similar meeting at the Quadrangle. Miss Turner has served as a Presbyterian missionary to China since 1926. She was there throughout the Civil War and the Japanese occupation. Previous to work in China she taught physical education in West Virginia.

Members of student organizations on the campus are assisting with the program and the preparations. The organizations and their representatives are as follows: Alpha Sigma Alpha, Lola Klopp, Gloria Thompson; Student Christian Association, Herbert Hackman, Doris Nordberg, Mary Garrett, Dorothy White, Donald Lyle, Marian Murphy;

Future Teachers of America, Betty Lou McPherson; Pi Omega Pi, Beverly Holt, Lawrence Weida; Women's Athletic Association, Flora Flores; International Relations Club, Barbara Andrews; Association of Childhood Education, Clara Judson; Green and White Peppers, Marilyn Partridge, Martha Lewis, Virginia Ann George;

Barkatze, Phyllis Combs; Kappa Phi Delta, Helen Mundell, Janet Wilson; Northwest Missourian, Mary Gillette; Varsity Villagers, Louise Gorsuch, Joyce Gunderson, and Barbara Anderson; Home Economics Club, Betty Chandler; and Phi Sigma Epsilon, James Allan.

Dr. J. G. Strong is the chairman of the faculty committee appointed by the president. He has been assisted by Dr. Irene Mueller, Miss Martha Locke, Miss Kathryn Franken, Mr. W. E. Robb, and Mr. W. T. Garrett.

The program for Monday will begin at 10:00 o'clock with Dr. Williamson speaking. His topic will be "God in History." Students will preside and give the prayer. The hymn will be, "Glorious Things of Thee Are Spoken."

At four o'clock in Room 103, Reverend Cole will lead a discussion group. This group will meet every day at the same time, in the same room. Dr. Baillie will speak at 6:45 o'clock on the topic, "America's Opportunity Today."

Tuesday morning at 10:00 o'clock, Dr. Baillie will speak on the subject, "The World Mission of Christianity." The hymn, "Love Divine, All Love Excelling," will be sung by the congregation. Members of the student body will preside at the meeting. Besides the afternoon discussion, there will be an evening program at the Horace Mann auditorium at 6:45 o'clock. Students will give an organ concert. The address, "The Upward Call," will be given by Dr. Williamson.

Wednesday, the two supper meetings will be featured. Also, at 11:00 o'clock, Dr. Williamson will talk about "Jesus and Prayer." The hymn will be, "All Hail the Power of Jesus' Name."

The last day of programs will be Thursday, February 7. The hymn, "Lead On, O King Eternal," will be sung before Dr. Baillie addresses the audience on the subject, "Interpreting the Times." At 10:00 o'clock, that evening, in the Horace Mann auditorium, Dr. Williamson will make the last address. His topic for this speech is "Spiritual Radiograms." This program will commence at 6:45 o'clock.

Mr. Willard Robb, of the College Music faculty, will lead all the singing. He will be accompanied by Miss Betty Lou McPherson, a student of the College.

Dr. Joseph A. Dreps, of the Foreign Language department, presented an illustrated lecture to members of his beginning Spanish class Sunday afternoon, January 6, at his home. The following two Sundays another class and the group of foreign girls will visit him. Dr. Dreps presents these lectures to all beginning Spanish classes.

The handiwork was collected by Dr. Dreps during his visit to Europe in 1933 and 1935. The students viewed linens, needlework, shawls, mantillas, leatherwork, woodwork, glassware, chinaware, pottery, jewelry, and tiles from the countries of France, Spain, Switzerland, Italy, and the islands of Capri and Corsica. Dr. Dreps stated that he feels that these exhibits are especially helpful since they represent work done by people who speak the languages being studied here in the Western Hemisphere.

On the day this reporter visited Room 305, every young woman was well along on the garment she was making. And such an array of garments! One was making a bright-red jersey dress; another was making an apricot jersey. Jersey seemed to be a favorite material, and the colors—delectable, many one said. One ambitious young lady was working on a tailored suit—she confessed she had done sewing before. One was making a brunch coat; another, a fresh green housecoat. It made one wish these young women would lend a helping hand—or needle—to help out some folk who want new clothes but do not have time to make them.

In one corner of the room Lois Johnson, a member of the drapery class was making a dress without the aid of a pattern. She explained that since she is an art major she had designed her own dress before the drapery process began. Starting with an idea of what she wanted, she had seen her dress grow from her drawings to the almost completed dress that had been draped and cut on a figure that had been made to her exact measurements.

Making the figure is another story. Five young women worked on making the figure, molding it to Miss Johnson's size. Six young women members of the class each took turns having their own models made. Once the model is made, then each student drapes her own material on the model, pinning, basting, and cutting.

Miss Johnson was making an aqua-colored gabardine, two-piece dress. She said she had been skeptical about results, but now that she was almost finished, she was delighted with what she had created.

Frances Bowness, of Fairfax, visited her parents the week-end of January 12-13.

Dr. Frank Horsfall Resigns to Accept  
Job in Louisiana

Dr. Frank Horsfall, member of the agriculture department of the State Teachers College, today gave his resignation to Pres. J. W. Jones to accept a position at the Louisiana Polytechnic Institute, Ruston, La. He will leave here March 1, after the termination of the present winter quarter, to become dean of the school of agriculture and forestry.

Dr. Jones said that the College is losing an important member of the faculty and he congratulated Dr. Horsfall on his appointment.

Dr. Horsfall came to the Maryville Teachers College in September 1, 1935.

The newspaper account, which contains the only information received here, says in part, "According to information received in a telephone conversation between relatives and the captain of the ship, which docked at Newport News at the completion of its trip to Italy, there were no witnesses to the Sikeston sailor's disappearance. About two o'clock on the afternoon of December 18, the captain said, Grant and his buddy went on deck to do some work. Finding that they needed more tools, Grant's friend went to get them, returning several minutes later to find Grant gone. Thinking that he had merely wandered away, the other sailor did not report his absence, and it was not until six o'clock that night, when Grant was to have reported for duty, that he was found to be missing from the ship. A sentry only 150 yards away heard no saw nothing that could account for the lad's disappearance."

Though there had been storms at sea during the trip, the day on which young Grant was lost was clear and beautiful, the captain said. Memorial services for him were held aboard ship on December 18.

Ruth Crockett, of Albany, spent the week-end of January 12-13 at the home of Dorothy Shupe near Stanberry.

Jack Curfman, a former student who recently returned from service in the European theater of war, was a guest speaker Monday night, January 7, at the meeting of the Guild circle of the First Presbyterian church held at the home of Mrs. D. E. Hotchkiss. He spoke especially of his impressions of the three cities of Italy: Pisa, Lucca and Florence, and showed pictures illustrating his talk.

## Miss DeLuce Lectures on "The Holy Family in Art"

Miss Olive DeLuce, head of the Fine Arts department of the College, gave an illustrated lecture on "The Holy Family in Art" to the Maryville Twentieth Century Club, Thursday afternoon, December 13. The meeting of the club was held at the First Presbyterian Church.

Group singing of Christmas carols, and singing by Mr. Ralph Hartzell and Mrs. Charles R. Bell opened the program.

## Symphonic Band Presents Program

Mr. Willard Robb Conducts  
Group in Numbers of  
Varied Types.

The first concert of the year was presented January 16 at the regular assembly period by the College symphonic band. Mr. Willard Robb, a member of the Conservatory of Music faculty, conducted the forty-piece band in a program of widely varied music.

Mr. Ralph E. Hartzell, chairman of the department, was the composer of the selection, "Maryville Pep Song," which was one number on the program. Since Mr. Hartzell was not in attendance because of illness, he was unable to acknowledge the round of applause which followed the playing of the composition.

The novelty selection, "Three Blind Mice," stretched the imagination of the audience as the "mice" gave performance throughout the world. Elaine Williams, announcer, gave them the proper build-ups.

Other selections included two compositions of the contemporary Russian composers, Shostakovitch and Stravinsky, and works of Bach, Butcher, Carmichael, Frankiger, and Sousa. The woodwind quartet, composed of Tanner Wisdom, Joan Miller, Beverly Holt, and Patricia Norman, played "Canzonetta" by Mendelssohn.

The program was concluded with the playing of the national anthem.

## Students See Dr. Dreps' Collection of Handiwork

Dr. Joseph A. Dreps, of the Foreign Language department, presented an illustrated lecture to members of his beginning Spanish class Sunday afternoon, January 6, at his home. The following two Sundays another class and the group of foreign girls will visit him. Dr. Dreps presents these lectures to all beginning Spanish classes.

## Former Student Is Back From Overseas Service

Ted Tyson of Skidmore, a graduate of the College, arrived home December 9 after receiving his discharge that day at Ft. Leavenworth, Kansas. Mr. Tyson had served overseas for eighteen months, during which time he took part in campaigns in the South Pacific and later was stationed in Japan.

He has been awarded the Asiatic-Pacific campaign ribbons, with three battle stars, the Philippine Liberation ribbon with one battle star, and the American Defense ribbon. He held the rating T-4 in the 81st Division. Mr. Tyson plans to return either to his work of teaching or to work toward the Master's degree in music at Northwestern or Columbia University.

## J. L. Dougan, Graduate, Is Recent Campus Visitor

J. L. Dougan, graduate of the College in the class of 1944, was a visitor here for several days last week. Mr. Dougan is now an instructor in the high school at Exira, Iowa, where he teaches social science, Spanish, and gives vocal lessons.

Last summer Mr. Dougan attended Chicago University where he plans to return in the future to complete work on a master's degree in international relations.

William Linebaugh, a freshman returned to school January 16, after a week of absence due to measles.

Leona Downing, of Turko, was called home Wednesday, January 16, by the illness of her sister.

## Lecture-Recital by Miss Ruth Nelson Opens 12th Annual February Series

College Receives Books  
From Carnegie Endowment

The International Relations Club has received its mid-year installment of books from the Carnegie Endowment for International Peace.

The books received are in the anyone interested in reading them. They are recent books concerning various world problems of the day written by authorities on the situations.

The recent endowment of books are "America's Stake in Britain's Future," by George Soule, "Germany Is Our Problem," by Henry Morgenthau, Jr., "America and the New World," the Merrick Lectures 1945, "The Atomic Age Opens," prepared by the Editors of Pocket Books, "The United Nations in the Making: Basic Documents," World Peace Foundation.

Those books received last fall by the club are: "The Future of Japan" by William C. Johnstone, "Charter of the United Nations" (a report on the San Francisco Conference), "European Manifesto," by Pierre de Lanux, and "Food for the World," by Theodore W. Schultz.

## Home Economics Class Is Sewing

Girls Make Dresses to  
Supplement Present  
Wardrobes.

Fourteen young women of the College will blossom out in beautiful new dresses soon if what is going on each day at three o'clock in Room 305 is an indication.

With Miss Hettie Anthony in charge, the room on any day is an interesting place to visit. Every machine in the room is in use—that is unless the young lady is basting, or pinning or (as once in awhile it happens) ripping.

Quicker as to what was going on, Miss Anthony said that the young women were members of her class in "Clothing 12" and that they were working on supplying their own individual needs as to clothes.

First, Miss Anthony said, the class studies art principles, as color, line, space, balance, rhythm, dominance. A study is made of the personality of each young woman.

When it is time to decide upon the garment to be made, each student takes an inventory of her own wardrobe, and from her budget of expenses she determines the amount of money she may spend for clothes. Upon the basis of these facts each young woman selects the garment to be made and chooses her materials on the basis of her income, her personality, and her needs.

The next step, Miss Anthony said, is the buying of the materials and the constructing of the garments. All planning, cutting, and fitting is done with the idea in mind that the particular garment is to meet the needs of the person who is making it.

On the day this reporter visited Room 305, every young woman was well along on the garment she was making. And such an array of garments! One was making a bright-red jersey dress; another was making an apricot jersey. Jersey seemed to be a favorite material, and the colors—delectable, many one said. First of Lectures to Be  
Given Sunday Afternoon,  
January 27.

Four Speakers to Be Heard

Three Local Faculty Members and  
Professor From St. Louis to  
Talk on Varied Topics.

Miss Ruth Nelson, of the Conservatory of Music of the College, will open the February series of lectures this year with a lecture-recital for which she has announced the title of "Heart, Soul, and Senses."

This lecture, as well as the three succeeding ones, will be given in the auditorium of the Horace Mann Laboratory School at four o'clock on Sunday afternoon. Miss Nelson will speak on January 27; Dr. John Harr on February 3; Dr. Anna M. Painter on February 10; and Dr. George E. Mylonas of Washington University, St. Louis, on February 17. All lectures are open to the public.

Miss Nelson, in her lecture will discuss approaches to music in an attempt to discover how one can best appreciate music. She brings to her lecture a wealth of experience in music. Beginning the study of the violin at an early age, she has made her instrument a lifetime study. She has studied music at Carleton College, the University of Michigan, and the University of Minnesota; she has studied privately under excellent teachers, among them the noted Carl Fiech of Berlin, Germany. She has had musical experience in playing with the Dallas, Texas, Symphony Orchestra and other musical organizations.

In the lecture recital, Miss Nelson will play several numbers from great violin literature. She will be assisted by Miss Judith Thom at the piano.

Lectures Are Tradition  
The February lecture series has become a tradition at the College. It was in 1930 that the idea of the series was conceived. The first lecture was given on February 8, 1931, when Dr. Harry G. Dildine spoke on "G

## THE COLLEGE OATH

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws and do our best to inculcate a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us.

## FRIENDSHIP

"Friendship is a golden tie  
That binds good friends together;  
And if we never break that tie,  
We shall be friends forever."

No autograph album would be complete without this little verse that is so rich in meaning. Friendship is frequently spoken of as a golden tie or golden chain that binds, or links, good friends together. This is really an unusually good definition.

If each friend one has is considered as a link in a golden chain, the longer his chain the more socially-minded the individual. Friends are one of the greatest assets one can possibly have in life. Without friends, life is meaningless.

If one stops to consider who are his friends, and it is to be hoped that they are many, he will discover that there are true friends and false friends.

True friends are those who stick by one regardless of his changing status in society and throughout all his ups-and-downs, his trials, his troubles, and throughout life.

False friends are those who are with us today, but gone tomorrow. For the moment they may seem true, but as time passes, they may prove to be what one terms "fair-weather friends," who fade from view when clouds and shadows are prevalent on the horizon, but who are quick to join us in a good-time or in anything of a happy nature.

Friends are easy to get, but hard to hold. For some people friends are not even easy to get, for some have never learned that in order to make friends it is often necessary to go more than halfway. Friends do not grow on trees. It might be nice to be able to go out whenever in need of a friend and pick one from a tree, but surely all must admit it would not be practical.

If one desires a rich, full experience throughout life, the best way to get it is to have a variety of friends. One should make friends from all groups—not just from one certain clique.

One should try to be the kind of friend to others that he has always longed for for himself. If he does this, he will almost certainly discover that "the way to have a friend is to be one."

## BEARCATS' DEN

Let's go down and see who's in the den." This is a typical remark among students of the College at any hour during the afternoon when the Bearcats' Den is open. Nearly any hour during the afternoon one can enter the den and find several students studying vigorously in the most "homey" room of the College. The den is used not only for studying but also for playing solitaire, working jigsaw puzzles, and conversing with friends. When former students visit the College, one of the first places they go to look for their student friends is naturally the den. The Bearcats' Den is one of the most popular places at the College in the opinion of many College students. Seemingly, it ranks second only to the bookstore. It is open to all students and their friends.

## Confucius Say

When you see a good man, try to emulate his example; and when you see a bad man, search yourself for his faults.

A man who has committed a mistake and does not correct it is committing another mistake. Reading without thinking gives one a disordered mind; and thinking without reading makes one flighty.

He is not only idle who does nothing, but he is idle who might be better employed.—Socrates.

True scholarship consists in knowing not what things exist, but what they mean; it is not memory but judgment.—James Russell Lowell.

Wisdom is often nearer when we stoop than when we soar.—William Wordsworth.

Old books, as you well know, are books of the world's youth, and new books are fruits of its age.—Oliver Wendell Holmes.

Self-confidence is the first requisite to great undertakings.—Samuel Johnson.

The truly stupid man is never puzzled.—St. John Ervine.

## Locketts

Locketts are fascinating things. Old or new, they are now in the height of fashion. Shapes vary from round to square. However, the most popular type in America at the present seems to be the heart-shaped locket.

The most disappointing thing about lockets is that a few of them are empty. Locketts are made for pictures. Of course a picture of the giver of the locket is very appropriate. However, if none is available, other pictures may be substituted.

Almost any picture is better than none. Those who ask, "May I see your locket?" will be much less disappointed to see even a picture of a dog or a monkey than to see no picture at all. And how extremely satisfying it is to see a picture of a handsome man or boy smiling at you from inside of a locket!

Yes, lockets are made for pictures. Is there one in yours?

## What Your Senate Does

## OFFICERS

Blaine Steek.....President  
Mary Lloyd Taul.....Vice-President  
Mary Alice Wade.....Secretary  
Janet Drennan.....Treasurer

## CLASS REPRESENTATIVES

Senior Senators—Don Barber, Mary Alice Wade, Barbara Anderson and Mary Lou Rusk.

Junior Senators—Janet Drennan, Betty Chandler, Carrie Margaret Martin, and Janet Wilson.

Sophomore Senators—Mary Garrett, Lola Klopp, Meredee Myers, and Sarah Espey.

Freshman Senators—Don Lyle, Thomas Brown.

## Business Meeting, January 8.

The Senate discussed the proposed change in location of the offices of the dean of men and the dean of women.

The suggestion was made that the Senate should have a drive to increase funds. The motion was made by vice-president Mary Lloyd Taul that the Senate sponsor a dance after the next home game, January 18. President Blaine Steek appointed a committee to formulate plans for the dance. The members of the committee are Mary Lloyd Taul, Janet Drennan, Don Barber, Mary Garrett, and Barbara Anderson. Carrie Margaret Martin is to make posters for the dance.

President Steek appointed six ushers for the convocation to be held the next day, January 9. The

ushers appointed were Betty Chandler, head usher; Meredee Myers, Carrie Margaret Martin and Mary Garrett to hand out programs, and Don Barber and Don Lyle to do the ushering. Barbara Anderson and Janet Drennan were appointed to sit at the information desk.

Business Meeting, January 15  
President Blaine Steek read a note from Dr. M. C. Cunningham of appreciation to the Senate for its help in the convocation for President J. W. Jones.

The Senate discussed the dance which they were to sponsor the following Friday, January 18.

The Kappa Phi was granted permission to sell ice cream cones at the dance.

## Kansas School Has Its Own Print Shop

## Students Learn Printing Techniques and Serve School's Needs.

The high school at Hutchinson, Kansas, maintains its own print shop and does all the printing for the schools and the board of education of Hutchinson.

Published in Volume III, Number 2, of Teachers Notebook, issued from Hutchinson, are the regulations under which the print shop is operated.

## Regulations for Print Shop

Printing done in the High School Print Shop is subject to the following regulation:

1. All printing shall be paid for at one-half the commercial rate. Bills shall be rendered and a copy sent to the school treasurer for collection. Bills are paid directly to the school treasurer. Funds so collected shall be credited to the print shop account, and shall be used exclusively to buy printing supplies and equipment. In this way the print shop will become self-sustaining, and its facilities will be gradually extended.

2. All printing that is to be paid for by the Board of Education shall be ordered by the Clerk-Treasurer on the Board of Education order blank. Attached thereto shall be the print shop order blank. These orders shall be placed with the principal and forwarded by him to the shop.

3. If printing is ordered by elementary schools, junior high schools, or the Hutchinson Junior College to be paid for by school activity funds the order will be placed directly with the high school principal and forwarded by him to the print shop and shall be paid for by the school district, the order must be placed by the Clerk-Treasurer.

4. All printing ordered by high school organizations shall be paid for by those organizations and shall be ordered through the high school principal and forwarded by him to the print shop. A copy of the bill will be sent by the print shop to the high school treasurer's office, which shall make the collection.

5. Printing exercises, or other printing required by efficient management of the shop, are to be assigned by the instructor. No costs are to be charged in such cases.

6. Students in printing class may do a reasonable amount of personal printing with the approval of the instructor, but this must not be commercialized.

7. No printing may be done for any club, group, or individual excepting as indicated above, or excepting as specifically authorized by the Board of Education.

8. In most cases, completed orders should be delivered to the principal's office, and that office should notify the proper person to call for the order.

These regulations went into effect on Monday, October 8, 1945, and apply to all orders that were placed on that date and thereafter.

## Bangs!

An epidemic of "bangs" has appeared on the campus and the worst effect it has had so far is to cause the "diseased" to look quite charming. Now bangs probably were the worst trial girls ever had up to the age of seven or eight, but now they have taken on a glamorous aspect.

Many a blue or brown eye is twinkling under a straight or curly set of bangs. They (the bangs) do tend to lessen a person's height and, too, they take away several years of one's age. So, after all, bangs are just one of women's devices to add to what is not there and to take away what is already there.

Army mobile bakeries produced 1,800,000 pounds of white bread a month in the European campaign.

## Clever Canine

How am I doing? seems to be the query of this handsome pupil of Frances Hartsook, head of an obedience training school for dogs in New York. Miss Hartsook, who introduced obedience training in the Hawaiian Islands before the war, believes in giving her pupils frequent words of praise. It helps them learn the five basic commands which she says every dog should know to be a well behaved canine citizen.

## Exchanges

Fred W. Faurot, newly appointed coach and physical education director at Central College, Fayette, assumed his duties on that campus January 1. From 1935-38 Mr. Faurot was head coach at Northeast Missouri State Teachers College in Kirksville. He is a brother of Don Faurot, football coach at the University of Missouri.

The first speaker to be on the campus at Southwest Missouri State Teachers College, Springfield, for Religious Emphasis Week will be Dr. Marshall T. Steel of Dallas, Texas. Dr. Steel is the pastor of the Highland Park Methodist Church on the campus of Southern Methodist University in Dallas.

Lieut. Comdr. Irvin L. Peters, who has been on the campus of the Central Missouri State Teachers College, Warrensburg, since June, 1943, as commanding officer of the Navy V-12 unit, has been appointed dean of administration and instruction of that college.

## Chinese Mathematician Lectures in America

BERKELEY, CALIF.—(ACP)—Through a joint invitation by the University of California and Columbia University, Dr. Pao-Lu-Hsu, mathematician at Peking University, China, is in the United States for a year as visiting professor. He has spent the fall term lecturing in statistics on the Berkeley campus of the University of California, and has now proceeded to Columbia to teach for one term.

Dr. Hsu, one of the most distinguished specialists in mathematical statistics, studied at Tsinghua University, China. In 1936 he went to the University of London as specialist in mathematical statistics, receiving his Ph. D. from there in 1938 and later the D. Sc. degree. In 1940 Dr. Hsu returned to China as professor at Peking University. In order to have the benefit of a quiet zone, he had to lecture in a cave while Japanese planes bombed his and his students' homes. He also conducted research in caves and sent his findings to this country to be published.

Roberta Finke, Helen Toll, Dorothy Jean Meyers, Lola Klopp, and Lois Johnson helped Janet Drennan celebrate her birthday, January 13.

## The Stroller

To the Stroller it seems as though Al Henningsen had a bit of trouble catching the bus the last time he went home. At the very minute the bus was due, Al had to dash to the Quads for the rest of his belongings. Shirley Neff was the one who did the screaming and the harnessing of the bus driver to make him wait. Take a tip from the Stroller, Al, and take inventory before trying to hold up a bus line.

What about all the "static" that issued forth from the room of Romona Calkins and Virginia Woldruff one night last week? Every one at the Holt house knew and knows—in fact, most of the gals were in on it—on the bed, while it stayed up, that is—and after the collision? Nary a one to be found, but there was evidence of their having been there. And the bed—with the help of a few husky girls and some construction equipment, by one o'clock it was again in existence. But, oh, that noise to make it so, even the Stroller heard it.

Could the Stroller have been dreaming or did he actually hear Dr. Lyons call out a "pair of t-bones" when referring to the Telson girls?

## Students Have to Donate Silverware to Mess Hall

ROCK ISLAND, ILL.—(APC)—How to obtain silverware is one of the main problems to be solved before the dining room in the Students Union building can open at Augustana College.

Since it is impossible to buy any silverware of a good quality at a reasonable price, an appeal is being made to the students to inquire at home if there are any stray forks or spoons not being used which could be donated to North Hall. If each student brought one fork or one spoon, a sufficient number could be procured.

Temporary arrangements for managing the kitchen and dining room have been completed, and it is hoped that the concession will be operating as soon as the student center is officially opened.

## University Professor Does Things Thoroughly

When Dr. H. T. Manuel, professor of educational psychology at the University of Texas, plans something he does it thoroughly.

Recently Dr. Manuel submitted to a group of educators plans for a text book for teachers of Spanish-speaking children. He had the project worked out in detail, appointment of an editor-in-chief as the first step, appointment of an editorial staff by the editor-in-chief on March 1, 1946; first draft of materials to be submitted to the editor by June 31, 1947 and so on, step by step.

"And I call you to bear witness," said he, referring to his outline, "that the date of publications is April 30, 1948."

"What time of day?" asked a member of the group, jokingly.

"Nine o'clock in the morning," responded Dr. Manuel gravely, without batting an eye.

## University of California Offers New Scholarship

BERKELEY, CALIF.—(APC)—A scholarship of \$250 is available for a qualified student of Portuguese descent for the academic year 1946-47 at the University of California, President Robert Gordon Sproul has announced.

The scholarship was established by a gift from the Grand Council of Cabrillo Civic Clubs. Presentation of the gift was made by Manuel Reis, chairman of the scholarship fund of the C. C. O.

The scholarship, established in honor of the California pioneer, John Rodriguez Cabrillo, is to be awarded to a student on the Berkeley campus who is Portuguese or of Portuguese descent and is a resident of California. Reis said the purpose of the award is to encourage young persons of Portuguese descent to enter the University of California.

The donors have stipulated that a freshman student should be favored for the award, and further that a student following an agricultural or professional course of study is preferred.

## Woman Veteran Receives Invitation to Join YMCA

Because of the acute housing shortage, returning veterans at Michigan State College have been assigned to live in Jensen fieldhouse. There is only one catch. All returning veterans aren't men.

Forgetting this, someone instructed an ex-Spar that she was to take up residence in the fieldhouse on her arrival to the campus. She also received an invitation to join the local YMCA.

Gene Keown spent the week-end of January 10-12 with her parents in Gilman City.

Walt Lethem, a Visitor

Walter Lethem, Jr., recently returned from the Pacific war area, is visiting friends in Maryville. Lethem, recently discharged, served as a lieutenant with a hospital unit in Leyte. He is the son of Mr. and Mrs. W. R. Lethem, former residents. He attended the Maryville high school and the College.

Brother of Miss Dykes Dies in Gentry County

Charles M. Dykes, prominent Gentry county farmer and a brother of Miss Mattie M. Dykes of the college English department, died in his sleep at 3 a. m. Friday of a heart attack. Mr. Dykes had been under a doctor's care for about three months but had not been confined to his bed.

Son of Mr. and Mrs. S. J. Dykes of near King City, he was the father of Jean Dykes who graduated from the College here several years ago.

Miss Dykes had been called home for the funeral that afternoon of her uncle, J. E. Martin of King City. Mr. Martin was the father of Mrs. Tracy Stahlman, wife of the editor of the King City Chronicle.

Credit Union Has Annual Meeting

J. A. Bell, St. Joseph, Is Elected President of Board of Directors.

The Northwest Missouri Teachers Credit Union held its annual meeting in Room 224 Saturday afternoon, January 12, at two o'clock. Dr. J. W. Jones, vice-president of the union, presided as Fred Keller of Tarkio, president, could not attend.

Reports of the directors, the treasurer, the credit committee, and the supervisory committee were read. The reports were followed by general business and the election of officers.

Uel W. Lamkin, president emeritus of the College, W. H. Burr, and W. A. Rickenbrode were re-elected to the Supervisory committee. H. T. Phillips was re-elected to the Credit committee. The other members of the committee are M. C. Cunningham and R. T. Wright, whose terms expire in 1947; and A. H. Cooper and Miss Mattie M. Dykes, whose terms expire in 1948.

Five persons whose terms expired in 1946 were re-elected to the Board of Directors: F. E. Patrick, W. W. Cook, Fred L. Keller, Dr. Blanche Dow, and Earle S. Teagarden. Everett W. Brown was elected to fill the unexpired term of Otis Thorburn, who had resigned.

J. A. Bell of St. Joseph was elected president of the Board of Directors to take the place of Fred L. Keller, who had been president since the establishment of the Union. Mr. Keller had requested that he not be re-elected. Dr. J. W. Jones was re-elected vice-president of the Board, and L. G. Somerville was re-elected secretary-treasurer.

The Credit Union declared a dividend of 3 percent.

In making his financial statement for the Northwest Missouri Teachers Credit Union, Mr. Somerville said, "This report represents the growth of an organization developed for the purpose of encouraging teachers to start a systematic saving, thereby enabling your fellow teachers to obtain needed credit without the necessity of meeting embarrassment often times experienced in the commercial world."

Junior High Girls Give Party

The girls of the junior high school home economics class of Horace Mann gave a party Friday afternoon, January 11. They have finished a unit of study on planning for special occasions. The party which they gave was a climax of the study. Guests invited were the boys of the junior high class, Miss Dora B. Smith and Miss Marjorie Elliott. Refreshments of punch, cookies, and popcorn in the shape of snowmen were served.

To Observe Brotherhood Week

Educational institutions of America will join with churches, civic and service organizations, fraternal orders, trade unions, P. T. A.'s, women's clubs, and farm organizations in observing American Brotherhood Week, February 17-24. The theme of this 13th annual observance is "In Peace as in War—Teamwork."

Walt Lethem, a Visitor

Walter Lethem, Jr., recently returned from the Pacific war area, is visiting friends in Maryville. Lethem, recently discharged, served as a lieutenant with a hospital unit in Leyte. He is the son of Mr. and Mrs. W. R. Lethem, former residents. He attended the Maryville high school and the College.

Former College Student Is Home on Terminal Leave

Chief Warrant Officer Fred E. Davidson, a former student, is now on terminal leave from the armed forces and is at the home of his parents near Pickering. He recently visited at the College.

Mr. Davidson returned from overseas the last of November. He had been overseas for two years. He served in France, Luxembourg, Belgium, and Germany. After V-E day he went to the University of Nancy to study French language and literature.

Sgt. Roy Mullenax Gets His Honorable Discharge

Sgt. Roy Mullenax has recently received his honorable discharge from the armed forces. Sgt. Mullenax, a supply clerk in the army, served for 28 months in the Pacific area.

His wife, Mrs. Lucille Mullenax, has been employed at the J. C. Penney store at Stanberry during his period of service. Sgt. Mullenax is a graduate of the College, and his wife, the former Lucille Shisler, was a former student.

Many Have Colds and Three Go to Hospital

In the two weeks preceding the Christmas vacation colds were numerous in Residence Hall. Always there were some girls confined to their rooms because of colds, and a few of them suffered influenza.

During one week, three girls were taken to the St. Francis Hospital. Ramona Johnson and Ruth Allen went for observation and were dismissed the following day. Frances Bowness underwent surgery. All three came back to classes after the Christmas vacation.

Source of Sickness

The sickness that reached epidemic proportions late in the week of January 6-12 was not due to food cooked at the cafeteria of Residence Hall or at the Quadrangle, according to doctors. It was thought at first that it might have been food poisoning from those sources, but the same epidemic struck the townspeople also, people who had not eaten at the College eating places.

Wilson on Terminal Leave

Capt. Walter Wilson is now at his home in Maryville on terminal leave from the army. He returned from more than a year's duty in Europe. Capt. Wilson left here late in 1940 with Battery C of the National Guard. He is the son of Mr. and Mrs. E. L. Wilson, 938 South Main Street, and a former student of the College.

Hears From Capt. Wyman

Mrs. R. E. Wyman of Maryville received a cablegram stating her husband, Capt. Wyman was in Manila awaiting transportation home. He expects to arrive the latter part of January. Capt. Wyman has been in service three years and three months, and overseas for the past two years. He is a graduate of the College.

Lieut. J. G. John Lierly, a graduate of the College with the class of 1940, and Mrs. Lierly, the former Miss Marjorie Gifford, were visitors at the College on January 15.

Mrs. Lierly is a former student. Lieut. Lierly is on terminal leave from the Navy.

Lorraine Driver went to Columbia last week-end, to visit her fiancé, Robert Crews, who is a student at Missouri University.

Sgt. James Montgomery, a former student of the College, has been appointed chief clerk to the American resident commissioner in the control section of the headquarters company of Guadalcanal. He is assisting in the "roll up" of the island preparatory to the complete abandonment of the base by the American forces some time this spring. Holding a key position, Sgt. Montgomery will be among the last to leave the island.

Norman Clough, a graduate of the College, recently discharged from the Coast Guard, with which he served for three years, is now instructor in vocational agriculture in the Brunswick, Missouri, high school. Before going into service, he held a similar position at Lee's Summit, Missouri.

# Bearcats Stay Near Top in Race

College Bearcats Lose to Springfield Bears in Game Here Friday Night.

## Bears Win by Seven Points

College Team Will Play Kirksville Next Friday and Tuesday, January 25 and 29.

Chafing under the 41-34 defeat handed them last Friday night by the strong Springfield team, the Maryville Bearcats look forward to two games with Kirksville and one with Warrensburg in the next two weeks.

This Friday night the Bearcats will journey to Kirksville and then on Tuesday night, January 29, Kirksville will pay a visit to the Maryville court. Kirksville should not be too much for Stalcup's improving quintet. But anything can happen in an athletic contest.

On February 1, Tom Scott's Warrensburg Mules will face the Maryville team for the first time in two years. It should be a good game as the Mules have not been easy on their opposition this season.

The box score:

## In Junior High Game Spoofpups Beat Cubs Of Horace Mann 39-10

In a junior high game played Wednesday afternoon at the M. H. S. gym the MHSers outpointed the Cubs of Horace Mann, 39 to 10.

After the first few minutes the outcome was never in doubt.

Nine of Coach Millikan's boys entered the scoring bracket with Proctor and Palmer leading the scoring as they collected 8 points each. White and Haun each gathered 6 counters.

High point man for the young Cubs was George Davis who accounted for three of Horace Mann's 10 markers.

The box score:

## Three Teams Hold Lead in Intra-mural Basketball

Three teams are at the top of the intramural basketball race at the present time. They are the Rangers, the Phi Sig team, and the Six Bits and A Miss. These three teams have each won two games and lost none.

The six high scorers in the league are Payne with 31, Park with 30, Ellis with 22, Bonner with 21, Gold with 21 and Musser with 18.

The W. A. A. is planning a basketball tourney and hopes to get it under way soon.

## University Dean and Chancellor Wash Car

Water sprayed generously and students ducked in front of Frank Strong hall, as Chancellor Deane W. Malott and Dean Paul B. Lawson of the University of Kansas, fulfilled their obligation to wash a car. The services of the two administrators were purchased by the Alpha Omicron Pi for \$65 at a recent W. S. S. F. auction.

The chancellor and the dean donned bright plaid shirts and blue jeans for their work and succeeded in getting each other as wet as the car.

Students who heckled the industrious and illustrious pair were answered with sprays of water and appropriate comments.

"This car hasn't been washed for months," the chancellor wailed; "And the ash trays haven't been emptied since before the World's Fair."

The mud-splattered automobile soon began to take on a brighter color and the chancellor observed that it must be blue.

Water dripped from the brim of Dean Lawson's hat, and he shed his glasses for lack of windshield wipers and want of better visibility.

"I can't get this spot off," the chancellor groaned once, to which Dean Lawson replied grimly, "Try a knife."

"No, no, no!" the pair cried, when a passing student suggested that they wash the car.

"I'll be glad to simulate it," the chancellor reconsidered, "for \$300."

## Random Shots . . .

Vincent Meyer was leading Bearcat scorer up to the time of the Springfield game. The lanky led from Clyde Michlity has chalked up 48 points for the Maryville cause but is trailed closely by veteran Harold Hutcherson who got a late start in the season but has garnered 35 points. Blaine Steele is tied with Hutcherson in the second spot with 35 points and Errol "Blackie" Myers is right behind with 32 points.

Probably one of the unusual things about the season so far is the ability of "Blackie," consistent defensive giant, to ring up a few tallies in each game. Eight of these points came in the tight Cape Girardeau game.

Springfield and Warrensburg have taken the measure of Kirksville in conference play, and Maryville fans are hoping that the Bearcats will make ample use of the opportunity to do the same.

## Bearcats Defeat Rolla, 53 to 27

Vincent Meyer, Maryville Forward, Chalks Most Points in Game.

In the opening M. I. A. A. game for both teams, Rolla Miners were snowed under by Maryville's Bearcats 53-27 on the Rolla court Jan-

when they face Kirksville on the enemy court Friday night, and again next Tuesday night when the Kirksville five visit here.

February 1 will be another big date for basketball fans. Do not miss the Warrensburg game here.

Coach Wilbur Stalcup described the situation well when he stated recently that the conditioning of mature men is a slow process. Several of the spark plugs of the College team are over the 25-year mark the time when an athlete is usually in his prime. Remember Joe Louis was at the top of the boxing world at 21, Bob Feller was fogging the baseball over the "platter" at 18 and doing a good job of it, and the older the athlete gets the longer the time required to get him in shape.

When the Bearcats hit the top of physical condition, watch out. With the right combination of experience and youth a hustling team can go places.

uary 10.

The Bearcats held a 26-11 half-time lead which was never endangered by the scrappy Miners who made a close contest of it for the first twelve minutes before, wilting under the snappy ball handling and sharpshooting of the Maryville team.

Vincent Meyer, rangy Maryville forward, led both teams in the scoring column as he racked up 11 points. Errol Myers hit for 10 counters, and Hutcherson hit the net often enough to gather 8 points.

Close guarding of both teams resulted in 49 fouls.

The box score follows:

Maryville (53)		Rolla (27)	
G T F	G T F	G T F	G T F
V. Meyer, 11	3 5 4	Hill, 1	0 4

Notice to Men

Mr. E. A. Davis announces that Intra-mural Swimming is held at the pool in the Gymnasium every Thursday and Friday night from 7:30 until 9:30. There has been a fair turnout. Mr. Davis says, but there should be more men participating.

Steaks Are Back Again!!

Above, Doris McWhirt, CBS actress, deliberates before buying a big, juicy steak as her butcher cheerfully exhibits choice cuts. Although steaks are more plentiful, Mr. Butcher handles meat with care, placing it on waxed paper to assure sanitation, wrapping it as though his fair customer, still paid precious points.

## Hawks in Rally To Defeat 'Cats

Pat Clune, Rockhurst guard, made only one goal last night, but it came in the "clutch" with a minute and a half remaining to give the Hawks a thrilling 36 to 34 victory over the Maryville Teachers cage team on the Mason-Halpin fieldhouse in Kansas City. Clune's game-winning bucket was fired from side court.

The score was deadlocked once in the initial half, 16 to 16, and four times in the torrid final semester, 21-21, 26-26, 30-30, and 34-34. The Bearcats were out in front when the half ended, 21-19.

Goal Doesn't Count

An error by the timekeeper cut the game four seconds short. Both teams left the floor and then returned for action after the timekeeper notified the officials. Hutchinson, Bearcat center, flipped in a goal to knot the count at 36-34, but the officials ruled that the shot left his hands after the final whistle blew.

Hutchinson was high scorer of the contest with six fielders and two free flings for a total of fourteen points.

Ryan and Lovett paced Coach Bill Powell's Hawks with ten points each.

In the preliminary game the Rockhurst B team defeated Kansas City, Kansas, Junior college, 31 to 28. Rockhurst led at the half 14 to 11. The score:

## Home Team Wins Over Cape Five

Return Game to Be Played Here When Girardeau Comes Feb. 13.

In a closely contested game at Cape Girardeau January 11, the Maryville Bearcats put the skids under their arch rival of 1943, the men of Stalcup ending up on top, 47-46.

At the half, Maryville led 27-19, but Cape came back fighting in the last half; and when only two minutes remained in the game, the Indians were sitting on top momentarily with a one-point lead.

Vincent Meyer was the fair-haired boy of the game as he slipped the ball through the net five times from the field and once from the foul line to lead the Bearcat scoring. Hutcherson garnered nine points for the Maryville cause and reliable Errol Myers cashed in for eight.

The game was on the rugged side with a total of 49 fouls committed, 27 by the Maryville men.

Cape Girardeau will play here February 15.

The box score follows:

Maryville (47)		Cape Girardeau (46)	
G T F	G T F	G T F	G T F
Wilson, 1	2 1 3	Radner, 1	2 3 5

## Junior Grand Champion

Frank Trainor, Pontiac, Ill., and his 228 pound Berkshire which was awarded the 4-H Grand Championship over all breeds at the Chicago Market Fat Stock Show the first week of December. In addition to his 4-H activities, which netted him this supreme award at this year's wartime edition of the world famed International Live Stock Exposition, the youthful Illinoisian has been operating a 320 acre farm the last two years, due to the continued illness of his father. Next year with the return of a brother from the armed forces, they expect to operate a farm of 480 acres. However, this is Frank's last year in 4-H work, and his win with his Berkshire comes as a fitting climax to his ten years' participation in the farm youth program.

## Pickering Wins Loop Basketball Game From Horace Mann 31 to 21

The Pickering Ponies swept a double-header basketball card Tuesday night with the Horace Mann Cubs of Maryville at Pickering. The preliminary was marked by an overtime second team game which Pickering won by the margin of 17 to 16. The score at the end of the regular playing time was 15-15.

In the preliminary Owens was high for Pickering with 9 points and Fisher paced the Cubs with 7 points.

Pickering won the first team game, a West Nodaway League affair, 31 to 21. Pickering held the slight margin of 13 to 12 at half-time. Kimman and McClurg took high honors for the Cubs with 8 points each while Null led the Ponies with ten points. The box score:

## Who's Who in W. A. A.

Wren Stirlen, a senior member of W. A. A., is a native of Shenandoah, Iowa. She is a physical education major and her major music.

Miss Stirlen belongs to Barkatze, Sigma Sigma Sigma, and Dance Club, and is a cheerleader. As in W. A. A., she puts much pep and enthusiasm into these organizations.

One thing which she likes that she thinks does not take energy is poetry.

At the present time she is doing student teaching and likes it fine, she says.

Joseph Swift was the first graduate of West Point.

## Horace Mann Cubs Lose to Graham by Score of 56 to 27

The Horace Mann Cubs lost their second start in the West Nodaway League yesterday afternoon to Graham by a score of 56 to 27. It was Graham's first league game and Coach Sweat's Tigers gave evidence that they will be in the running for the league championship.

The game was played in the Horace Mann gymnasium and was preceded by the league B squad game, which Graham also won, 28 to 10. In the second team game Graham led 12 to 4 at the half and continued to widen the score during the second half. H. J. Sticken was high scorer for the Graham seconds with 12 points and Fisher with five was high for the Cubs.

In the first team game, Graham led 10 to 4 at the first quarter and 24 to 14 at the half. Parman, Tiger forward, hit 12 field goals and four free throws for a total of 28 points which was enough to outscore the Cubs. Sweat, Graham center, connected for seven goals, six of which came in the last half. Hutson, Cub guard, with four field goals and one free throw, led the Cubs in scoring. The Cubs play at Pickering tonight. The box score of the first team game:

Cubs (27)		Graham (56)
